2nd most visited page

Reach the future maritime and supply chain workforce with advertising in the Maritime Career Guide, available in print and digital PDF editions. Space is limited; first-come, first-served.

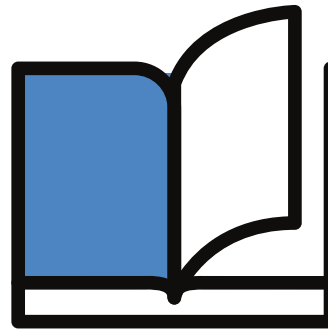

The **Maritime Career Guide** is distributed directly to school counselors, workforce development organizations, universities, at hiring events, and to potential employees and students exploring entry-level careers in the maritime supply chain. A digital PDF of the guide will also be available on VMA's website, extending reach beyond print distribution.
